TERM 1

SUMMARY

In 2022, SSC Diamond Mining and BonRo Studios brought about an exciting collaboration. The Film Club was born and a booming year lay ahead. The Film Club is hosted at the Re Tlameleng Special School, where the blind children work together creating podcasts, and the deaf children make silent movies. After a successful first year, with four films, two podcasts, and two seasons of our very own talk show, 2023 was looking bright.

We have reached the end of our first term and we already have our first film in post-production, our first podcast has been completed, and we aired our first episode of Chat With Rato.

We are excited for the coming year as our stories are slowly getting more complex the more our amazing team grows. Our first short film of the year brought us two new crew members, a cameraman and an assistant director.

Re A Tshela – We are alive!

Chat with Rato Season 3

Your host is back on the streets of Kimberley with an informative third season. Showcasing our city's amazing influential people, this new season hopes to inspire and motivate!

Episode 1

The first guest of the season is our Librarian of the Year, City Librarian, who talks about her story from a child who loved to read, to the one of the most influential people in the writing world.

In the second episode, your host brings it back home to her own school, where she interviews the winner of Mr and Miss Valentine's and what their new title means as the roles models of the school.
