Behind the scenes one of the most exciting evenings in a students' career: the matric farewell!

SUMMARY

In this month, our students learned about a new form of storytelling: documentaries!

Documentaries pose an interesting challenge for our learners as it is a vastly different form of media with a very different style of shooting and camera technique!

Our podcast is nearing the end of production with another amazing story from our favourite misfits. We also have another collaboration on this project, all the way from Asia!

Re A Tshela – We are alive!

Our Documentary Class

Our eager class learning about our new venture of documentary making!

Keep an eye out for our very first documentary coming, created, produced, filmed and edited entirely by our Film Club.

Our Podcast

Our favourite misfits of Re Tlameleng are back with a brand-new story, set in the streets of Cape Town. We will be introducing a special guest star, so keep watching this space.

The Matric Farewell

There comes a time at the end of every student's school years to celebrate their education and embrace their futures ahead in the adult world: the matric farewell, an evening of glitz and glam, dancing, and having fun! This month, we assisted one of our Film Club students, known better as the host of her own talk show Chat With Rato, to find her perfect dress for her special night!
