SUMMARY

A collaboration between SSC Diamond Mining and BonRo Studios has led to an amazing and successful film club for the deaf and blind community at Re Tlameleng School for the Physically Disabled in the township of Galeshewe, Kimberley, South Africa.

This month has shown significant progress in the filmmaking department. Students have developed their talents specifically behind the camera. Three cinematographers have joined the team.

The excitement has risen, and several projects are in the works already.

Our next venture aims toward teaching editing, and we have helped a blind student who is eager to become a radio presenter in starting her own talk show.

SUMMARY

Summary of the project's progress so far.

TASKS

Students have taken on new tasks in their projects for the next term.

FUTURE OVERVIEW

Future goals for upcoming projects and what we expect from the students.

TASKS

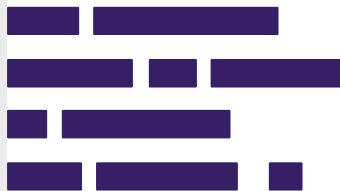

The blind children have created a story for their podcast called "Paris".

The deaf children have created a story for their film called "Envy".

We have released the first episode of a talk show "Chats With Rato" for a fellow podcast student who is eager to pursue a career in the field.

The children have learnt the following:

- ❖ Camera angles
- ❖ Directing cast members
- ❖ Presenting on camera

FUTURE OVERVIEW

- ❖ Students are starting to work with camera equipment.
- ❖ Students have been successfully learning to master camera angles and Behind-the-Scenes footage.

*Pick up a camera.
Shoot something.
No matter how small.
No matter how cheesy.
Now you are a director.*

- James Cameron

- ❖ To produce quality films to host an end-of-year function
- ❖ To have a multi-qualified team in all departments.
